**“Equine-assisted pedagogy/coaching/therapy -
parallels and differences”
by Verena Neuse, Germany**

The boundaries between horse-assisted coaching, pedagogy, and therapy are often blurred. Verena focuses on the parallels and differences between the three disciplines.

Verena Neuse

Verena Neuse (born 1970) is the founder and owner of Die Pferdeakademie and the head and heart of Lerntiere e.V. She is the herd leader of 10 of her horses, ponies and donkeys and 15 employees.

Born in Berlin, she studied business administration in Germany and abroad and worked for many years in marketing and the real estate industry. Most recently, Verena managed the training department at Engel & Völkers and helped to set up a well-known seminar centre before becoming self-employed in 2005.

As a management trainer, business coach and animal-assisted educator, she can draw on 20 years of professional experience in personnel and personality development with and without animal co-trainers.
